

FPC Landscape Changing

The Landscape Committee recently introduced to the congregation plans for beautifying the church and adjacent areas. The Landscape Committee—Anne Wright, Ron Stanley, John Newell, Jonathan Lehman, Tony Gray, Frank Dooley, and Joe Mitchener (Moderator) revealed the plans by way of the blue Landscape Notebook.

The Landscape Notebook can be found in the Gathering Space of the church. Members of the Landscape Committee have notebooks, also, and stand ready to serve you with answers to questions and suggestions for plants/trees of interest.

The congregation is cordially invited to join in and assist in this wonderful venture to glorify the the Lord and His House. Every effort and contribution are deeply appreciated by members of the congregation, the committee, and are pleasing to a good and gracious God. Members can help in the following ways:

1. Donation of time and labor at the time of planting;
2. Providing a general contribution to be used when needed; or
3. Purchasing a particular plant or tree or contributing toward a plant or tree "in honor of" or "in memory of" a special one.

We are greatly encouraged with the initial response to the Landscape Plan and praise God for your generosity. The pictures in the Landscape Notebook do not give enough credit to the distinctively beautiful creations of our Lord. So join us on the journey as we work and watch God's hands turn the ordinary into the extraordinary! Let us indeed make a joyful noise and statement of our love to the Lord!!!!

For more information, contact Joe Mitchener at 297-1533 or joerhett99@aol.com.

Donations may be sent to FPC c/o Landscape Committee, 131 Big Valley St, Boone, NC 28607
